Clinton B. Fisk.

At the funeral of General Clinton B. Fisk, Bishop Andrews, of the M. E. church, said : "While thinking how to speak to you I had put in my hands a TERMS: \$1.50 PER YEAR IN ADVANCE statement, written by some who were attendant in the last hours of his illness, a statement so beautiful in itself that I! DOBYNS&CURRY, Publishers proposed that it should be read before you, and consent being given, I beg you to listen for a few moments longer." The Bishop then read as follows:

On the last Monday evening of his life, turning to his wife, he remarked: "I overheard you say I was slipping away from you. Do you think my heart trou-Pursuant to the unanimous vote of ble will hasten my death?" Then serves the Committee, this day held, a Delegate
Convention of the Republican Party of things for living or dying. To live is the State of Missouri, was agreed to be Christ; to die is gain." From time to convened on Thursday, the Twenty eighth (28th) day of August, 1800, at ten o'clock, s. M., at Jefferson City, for the again: "It is all right, it is all right." purpose of nominating a Judge of the "Christ made it possible," he said once, Supreme Court, Superintendent of Schools, and Railroad Commissioner; a State Committee, and the consideration more of His spirit we have the less these of such other business as may be pre things trouble us." Thinking of the temperance cause, evidently, he declar-Such State Convention is hereby ed: "it is worthy of the fight for a The Ratio of Representation will be great principle against such odds," The Republicans of the various Coun-ful of these about him, he remarked: ties, under a call from their respective. "The experiences which have come to us County Committees, shall meet on or as a family have been great. I trust we Saturday, August 23, 1890, to may speedily all get home to our own elect delegates, under said apportion-home, thanking God for all his blessings Should any such County Committee and giving Him great glory." "No one fail to call a convention, as above, then of us may know why it is," he commentthe Republican voters in Mass Meeting ed, referring to his near departure, "but at their County Seat, may appoint Dele. it is all in God's hands. It is so strange that I should have been ent down, just County Committees well promptly in the midst of my life work. There seems new Committees organized: the manes of the Chairman and Secetary, and the few years addited me could be spent in better service to Him; so may He keep The number of Delegates to which as, and strengthen us, and guide us all. no wonderer lost, the list all unbroken. to sing the song of reclemption through Christ Jesus in the land where thershall be no sickness, no sorrow, no death, DEMOCRATIC rule has brought the peo nor tears, for God's own hand shall wipple of Ohio increased public expense, all tears away." And this was uttered notorious corruption, and the meanest with both hands uplifted, as if in benesort of partisan discrimination in the diction upon those gathered about him.

"When gathering elsuds around I view, When days grow dark and friends are few, On Him I lear, who, not in valu, Experienced very human pain; Who knoweth all my anxious fears, And counts as treasures all on tears

Prosperity of IndividualF armers

Farm and Home: "A general improvement in the condition of agriculture, as well as of the individual farmer, is apparent. The primciples of economy and independence taught by the Allicance are making their impress on the prophe.

By virtue and authority of a special execution issued from the office of the clerk of the Creation of the clerk of the Court of the Court, 1889, of said court, and to an directed in favor of the corge if Allica collectors of receive of Hoff county, State of Missouri, and mainst.

The Unknown Heirs of William Smith, Deceased. are making their impress on the people. I have levied upon and selzed all the right, and I can but believe they are now on title, interest and chaim of the said Unking Heirs of William Smith, Deceased, of the road to that prosperity which should and to the following described real estate ever be the reward of honest labor."

This note from the June report of the Georgia department of agriculture is most graticying. The increased thrift with the law of Missouri, and I will, on WEDNESDAY AGGUST 27th, 1880, between the hours of time cricics in the force the country of the said country, and State of Missouri, and I will, on WEDNESDAY AGGUST 27th, 1880, between the hours of time cricics in the force most gratifying. The increased thrift among her farmers is the fundamental reason for Georgia's prosperity. This accounts for the fact that her state bends, tearing only 3½ per cents, interest have lately sold at a premium, and live o'clock in the afternoon of that day, at the Court Hense door, is the city of Oregon, country of Bolt after sold, will the same or so much thereof as may be required at public veiche, to the highest bolder for cash in hand, to satisfy said execution and casts.

W. II FRAME, Sheriff of Hot County, Mo. that Georgia 6 per cent, sold below par that Georgia 6 per cent, sold below par.

The Atlanta Constitution has recently made a careful investigation of the tax

By virin- and authority of a special execution, issued from the office of the Circuit Court of H-b Courty, Missouri, returnable of the August term, 1800, of said court, and records of 2.00 farmers, representing to medimented in favor of George II. Allen, elector of revenue of Holt county, Missouri, all grades, and finds that while about against The Caknown Heirs of Joseph E. Jones, one-third are no betier off or are poorer than five years ago, the others are in greatly improved circumstances. Based on this estimate, it is believed that of the 100,000 white farmers in Georgia, two-thirds of them have gained \$61,000, 000 and the other third have lost \$19, between the hours of nine o'clack in the free-third have lost \$19, between the hours of nine o'clack in the free-third have lost \$19, between the hours of nine o'clack in the freetwo-thirds of them have gained \$61,000, 200 and the other third have lost \$19, 623,000 a net gain by the farmers of \$14,000,000 in five years. This means that out of an average list of farmers samples for pears ago, two-thirds supported by the pears ago, two-thirds ago. cent. to their capital and that capital only \$1,130. It was the smaller who made the most profits. That the Alliance has been a powerful factor in this improvement, there can be no doubt, yet it was accomplished mainly by each farmer trying to help bianself to do better. Any paternal system of agricultural subtreasures run by the Government would never develop such a spirit of independence and determination on the part of each individual to held hims sif.

The senate has passed the Morrill agricultural college aid bill, the provisions of which are as fellows:

It appropriates annually out of any better the following and better the said-coardy and state form of the last will and be sentenced in a spirit of the north-cast quarter of section No machine the following described reads to secti cent. to their capital and that capital

It appropriates annually out of any

may be hereafter established, in accordance with an act of congress approved July 2, 1862, the sum of \$15,000 for the year ending June 30, 1890, and annual ncrease of the amount of such approriation thereafter for ten years by an a iditional sum of \$1,000 over the prereding year, and the annual amount to against be paid thereaftet to each state and ter-ritory shall be \$25,000; provided, that no money shall be paid out under this act 1 any state or territory for the support in 1 maintenance of a college where a distinction of race or color is made in the a busission of students, but the es.

The Way Missouri's Money is Spent.

In last Sunday's Post-Dispatch is a long article purporting to be an exact Ton will have SICK HEADACHES, PAINS
IN THE SIDE, DYSPETSIA, POOR AFPE.
TITE, feel listless and enable to getthrough
your daily work or social enjoyments. Life
will be a barden to yeu. if true, surely should be published and given to every man, woman and child in the state. We give below one account which we take from the above named paper which clearly shows the extreme extravagance there induiged in: "The biggest grab in any one depart-

ment was in the house of representatives. Will cure you, drive the POISON out of your system, and make your strong and well, they cost only 25 centar box and make your from and well, but only 25 centar box and may save four light standards on the speaker's De Desarcof Course profes and in St. Louis to desk and 18 wall brackets, all fitted for either gas or electricity were put up. The charges for this work are so outrageous that common justice will demand an investigation by the next legislature. For the two large chandeliers and the 18 wall brackets \$1.885 was charged. The chandehers are worth, retail, just 8200 each and the wall brackets \$20 each, making a total value for all of 8760 or just 81,125 less than what was paid out of the state treasury. The standards are making a total value for all of \$760 or worth \$15 each, but the state paid \$120 for each of them. They are not exceptionally handsome and are singularly Authorized Capital. \$20,000.00 simple for such a price, and one wonders what there can be about them to cost even 865. In addition to these there is a charge for four-pound gas and electric brackets at \$20.50.

If there are any in the house of representative chamber they cannot be seen. Where they are is a mystery, but \$110 was charged for them and collected. They may be locked in some committee room, but they are not in the chamber. Where the chandelier pipes leave the esiling and inverted hemispheres of perforated zinc, which were made here and can be had at any time for \$20 each. To the state that price was doubled and \$80 was collected for the two. The oth r charges are in proportion. A stop cock which is only worth 75 cents is charged at \$2.25, and the lever for it, which retails

at 50 cents, cost the state \$1.50. But one of the most exhorbitant charges in this department was for labor. The bill represents that it took two men at 86 a day nineteen and one-half days The neceunts of wall brackets, when all they had to do which with four exceptions, were already in place. One hundred feet of pipe was put in, which was done, or could be, in the half day that was charged for.

The nineteen days were consumed at a cost of \$75, in screwing twenty-six fixtures to the wall.

The slowest and most incompetent workman could have done it in four days, or five at the outside. The charges for time in this bill are convincing. After entering the two 48-light chandeliers. and eighteen brackets, he charges, "Four Trees, 12 1-2cts each; \$11 per days fitter and helper, putting up same, \$21." Then comes the charge for the

two standards on the speaker's dish, and Extra 2 year old from at 201s it is followed by this entry: "One day's time, two men and helpers, putting up same, 812." Then comes the item of Pear, Plam and Cherry Trees four thight brackets and fittings, and this the entry: "One day fitter and helper putting on stop c.eks for 21 pound chandeliers, &C," and last of all this and helper putting on fixtures, \$75," He charges specifically for each piece of work done, then adds on the bottom a charge of twelve and one-half days time for putting up fixtures.

Yet this bill amounting to \$2,472.53, webveen the hours of time elected in the forestoon, and two elected in the close of that day, at the Court House coor, is the city of Oregan, county of Holt atomaid, self-ine same, or so much thereof as may be required, at mills on much thereof as may be required, at mills we had, as a more the highest ballet for each in hand.

ST. JOSEPH, -- MO., and one half days time meant. Seign! and one half days time meant. Seigal made the charge and it was approved.

Hints on Killing Weeds.

Plants cannot live indefinitely deprived of their leaves. Hence preventing their appearance above the surface will kill'them somer or later.

Plants have greater need for their leaves, and can be more easily killed in the growing season that when practically dormant. Cultivation in a dry time is most in

jurious to weeds and beneficial to crops. Avoid the introduction of weeds in nanure or litter from weedy surroundis still in the field ready to cry all sales ings some gardeners use no stable manany where in the county. Satisfaction are on grounds they desire to keep especially clean, relying on commercial fertilizeres and the ploughing under of After a summer crop has ripened, in-

stend of allowing the hand to grow up to the weeds, it is often well to sow rye or some other crop to cover the ground and keep them down. Give every part of the farm clean

Graduate of the American Vet. inary cultivator every few years either with a hoed crop or, if necessary, with a fallow.

It is often stated that cutting weeds while in flower will kill them. This is only reliable with biennials, and with them only when done so late that much of the seed will not grow.

If the ground is kept well occupied with other crops, weeds will give much less trouble. Keep meadows and road-All calls promptly answered by day or sides well seeded and plough land cul-
